

What is SNaP?

The Support Network at Penn National (SNaP) is a membership organization of Penn National residents who seek to sustain the quality of their lives during the process of aging, especially during illness or life-changing events, through resources and services that will enable them to continue to reside in the home of their choice.

How it works

Resources and services have been identified and organized into a support structure that can respond to whatever you require to enable you to enjoy life to the fullest extent possible, even though there may be limitations on your own abilities. Access to these resources can be achieved by making a single telephone call. Say goodbye to the Yellow Pages. If you need home repair, a primary care physician, an exercise program, a new learning experience, or a multitude of other services – just call SNaP.

You call – We respond

For less than 70 cents a day you will receive personal assistance from a competent team of professionals. The SNaP program is managed by our Executive Director who will personally respond to your request and make whatever arrangements necessary to meet your need. Our Executive Director is assisted by a well-trained team of volunteers and operates under the direction of the SNaP Board of Trustees.

Let's be specific

NEED A RIDE? If you have no personal way to get there, SNaP will arrange transportation to get you to your medical appointment, to the grocery store, to the beauty salon, or wherever necessary. Individual fees for this service may be charged depending on the driver (volunteer or paid provider) and the ultimate destination.

GETTING STALE? SNaP is partnering with Penn State at Mont Alto to bring a chapter of the Osher Lifelong Learning Institute to our community. This program will provide formal courses taught by retired university professors and other knowledgeable individuals along with opportunities to pursue or expand your hobbies and other leisure time activities. If you had to delay or postpone the pursuit of an interest or hobby during your working years, here is your chance.

Service for your peace of mind

ROOF LEAK? The SNaP Home Maintenance Program will respond. Just call SNaP and a preferred provider will be contacted to react to whatever your problem might be. No need to search aimlessly for an unknown service or repairman.

All of the providers on the SNaP list have been recommended by at least one of your neighbors. Some providers have granted SNaP members reduced fees. Our provider list includes over 20 different types of specialists who can provide whatever you may require to maintain your home. We can arrange for home modifications to accommodate disabilities.

HEALTH CONCERNS? Through the Health Support Services Program, SNaP has developed strategic partnerships with a number of local health providers who can facilitate an answer to your health needs. Do you need a

physical therapist in your home? Are you looking for a physician as your family doctor? Do you want a therapeutic massage? These are just a few of the services that can be acquired through a membership in SNaP.

More reasons to join

CAN'T FIND IT? SNaP has developed a comprehensive information library of resources in the local area that can provide services beyond the scope of our support network.

We have identified support groups, providers of clinical services, government agencies, and volunteer service agencies who are available upon request. If you need help in locating a resource to meet your need, call SNaP.

DIMINISHED SOCIAL CONTACT? Through our Social Support Services program, we can make arrangements for a neighbor visitation, a telephone assurance call, a home monitoring system, participation in a Widows–Widowers social group, and bereavement support.

We also facilitate your participation in the social and fellowship events sponsored by the Penn National Homeowners Association.

Volunteer Services

The heart of the program is the heart of our community. Although much is obtained from paid providers, our real support comes through the generosity of our neighbors. For information call 352-2612.

Support Summary

- Information Services
- Lifelong Learning Services
- Health Support Services
- Transportation Services
- Social Support Services
- Home Maintenance Services

A single telephone call is all you need.

352-2612

This project was financed, in part, by a grant from the Commonwealth of Pennsylvania, Department of Community and Economic Development.

The Management of SNaP

Our organization is under the direction of a Board of Trustees who are volunteers from Penn National. The current Board Members are:

President	Al Poppen
Vice President	Dick Kiel
Treasurer	Don Weber
Secretary	Marilyn Ross
Julie Anliker	Howard Lutz
Roland Foster	Tom Mulkey
Don Gamble	Rosina Saitta
Jayne Gamble	Eleanor Smith
Al Gibson	Wilma Weed
Walt Heidelberg	

The day-to-day operations are conducted by Donna Crissman, Executive Director.

Membership Fees

Membership fees are per household and for one year from the date joined.

Household Membership	\$250.00
Individual Membership	\$200.00
Supported Membership	\$150.00

Supported Membership offers residents of moderate means full participation at a reduced rate. If you have any questions, call the Executive Director.

To become a member of SNaP, call the Executive Director at 352-2612.

The IRS has determined that SNaP is a 501(c)(3) non-profit, charitable, tax-exempt organization.

Enjoy peace of mind in your own home in the neighborhood you have chosen

Continue to experience independent living with a support network that will meet your needs with just a single phone call
