

## Preferred Providers

Our Preferred Providers are trusted local service providers, many of whom offer SNaP members a discount on their services. These Preferred Providers have been vetted by Penn National residents who were pleased with the workmanship, timeliness, and cost of the services they requested. While not all providers offer discounts, they all provide quality service and workmanship at a reasonable cost.

Below is SnaP's list of service categories and the number of Preferred Providers in each category as of October, 2008. To request or arrange for service, contact the Executive Director at 352-2612.
